**To :** HWSETA Stakeholders

**From :** Baakedi Jane Motubatse  
Executive Manager: ETQA

**Date :** 21 November 2023

**Subject :** Finalised External Integrated Summative Assessment ( EISA) dates for 2024

Dear HWSETA Stakeholder

This communication is intended to inform you about the amended dates for the 2024 EISA rollout of occupational qualifications. There has been an appeal from SDPs to extend the learner registration dates and HWSETA and QCTO have additional processes that need to be considered therefore the EISA dates have been adjusted for the next calendar year. The HWSETA regrets any inconvenience caused.

The amended dates below are as follows:

	QUALIFICATION	CREDITS	SAQA ID	NQF LEVEL	EISA DATE/S

	Home Based Care	135	104792	3	
9.	Child and Youth Care Worker	190	99510	5	26 – 27 September 2024
10	Occupational Health and Safety	259	99714	5	03 October 2024
11.	Health Promotion Officer	163	94597	3	7 November 2024

**Note:** The EISA is compulsory, and all eligible learners will write at the same time. The above stipulated dates will be managed by the Assessment Quality Partner (AQP) which is the HWSETA that fulfils this administrative role. This therefore implies that only learners who have completed the EISA and those that have been declared competent will receive a certificate that will be printed by the QCTO.

The HWSETA hopes that the above additional information provides you with an opportunity to adequately prepare for an EISA.

All SDPs need to adhere to the following QCTO requirements:

- The Assessment centre accredited should accommodate the number of learners registered. If not, the SDP should make its own arrangement with the accredited assessment centre in the area to accommodate its learners.
- Learners' information should be uploaded into the QCTO's MIS twenty-one (21) after enrolment of learners.
- Statement of Results to be printed upon completion of knowledge, practical and workplace components.
- Confirm registration of the learners with QCTO three months prior to the writing of the EISA
- Certified copies of registered learners Identity documents and confirmation of registration to be submitted to the HWSETA three months before the writing of the EISA

**NB: No learner will be allowed to write the EISA without confirmation of registration from the QCTO**

Sincere regards,

Ms. Baakedi Jane Motubatse
